**NEWS SUMMARY: AREA PEDIATRICIAN CHARGED WITH RECEIVING CHILD PORN**

A federal grand jury has returned an indictment today charging pediatrician Dr. Mark S. Lubinsky (DOB: 3/19/48) with receiving child pornography. According to the indictment, Lubinsky, used a computer to receive more than 600 images of minors engaging in sexually explicit conduct. The material involved prepubescent minors or minors under the age of twelve years.

The case, which stems from an investigation by the Federal Bureau of Investigation, is being prosecuted by Assistant United States Attorney Gregory J. Haanstad. "The message from this case is that, regardless of profession or position, those involved in the receipt or distribution of child pornography will face a minimum of five years in federal prison," said United States Attorney Steven M. Biskupic.

If convicted, Lubinsky faces a mandatory minimum of five years in prison, as well as a maximum of twenty years and a fine of \$250,000.

The public is cautioned that an indictment is merely the formal method of returning charges against an individual and does not constitute evidence of his or her guilt. A person is presumed innocent until such time, if ever, as the government establishes his or her guilt beyond a reasonable doubt.
